

## Júlia Simon

Birth date and place: September 1989, Csíkszereda

Contact: [simon.julia89@gmail.com](mailto:simon.julia89@gmail.com)

Residence: Budapest

I worked as a young researcher in the field of Cognitive Psychology, but I have grown interest in web development.

My reference works can be checked out at: <https://simonjulia.hu/>

I used programming for constructing experiments and analyzing data while I conducted research. See [my publications](#).

2020.09-2021 | Frontend developer.

2018-2020 | Udemy and other online tutorials (mainly Javascript, see Certificates on the above website)

2018 | Front end, Javascript and PHP bootcamp at Prooktatás

2015-2020 | PhD in psychology at BME, working at the Research Centre for Natural Sciences (using Matlab)

2015 | MA in Psychology at SZTE (Matlab, Python, E-prime - for constructing experiments and data analysis)

2014 | BSc in Biology at SZTE (plant identification quiz - Free Pascal in Lazarus)

2011 | BA in Psychology at BBTE (Thesis: "One game in many versions" - the program was written in Lazarus (I only knew Free Pascal back then))

**Hobbies:** Reading, Baking, Visual arts, Running
